

About Us

*Capturing life's memories at an affordable price!
We live in a world of untold beauty which I was
oblivious to until I became magically
entangled in photography.*

*What started out as a simple job to keep me
occupied transformed into a magical
fascination. And over the years
my fascination became my
passion.*

*The greatest reward is the look of complete awe
when one realizes that beautiful moment in time
now impossible to replicate has been fortified
in time forever telling a wonderful story.*

*My divine purpose in life is to help you
capture your beautiful moments
fortifying them in time.*

memory flickers in her eyes. ~ Frank Deford ~*
